## THE WORLD IS WATCHING!

The stadium is packed with 80,000 soccerfans who have traveled here from dozens of countries around the globe to witness the final contest in this year's Champions World Class. Cup tournament.

You were there at the very beginning: As a

player on one of the 24 teams entered into World Class Cup play, you had a dream of making it past the first round. When you found yourself in the second round amidst 16 surviving teams, you feared it might have been a fluke. But it was no fluke: You made it through the quarterfinais and semifinals, and now the eyes of the world are focused on you as you trot to the center circle for the opening kickoff

of the Champions World Class Cup final!

Soccer fans worldwide have been waiting four years since the last Champions World Class Cup final for this game. But you've been waiting—and training—your entire life for this very moment. You feel the adrenaline begin to rush through your veins as the referee joins you at center spot in preparation for the opening kickoff.

The coin is tossed... the choice of field position is made... the ball is placed on the grass... the referee's whistle exhorts 80,000 screaming fans to their feet...

The game is on!

## SOCCER RULES: A PRIMER

In soccer, the object is quite simple; score by kicking the ball into the other team's goal, and prevent the other team from scoring in your goal.

Each goal is worth one point, whether it is made as the result of regular game play or a penalty kick. In order for a goal to be legal, the entire ball must cross over the goal line.

Each team consists of 11 players: forwards, midfielders (or halfbacks), defenders (or fullbacks),

and a goalkeeper. Any player on a team may score for his team, though scoring goals is generally the job of the forwards. The midfielders' main task is to move the ball upfield to the forwards so they can score. Defenders are given the job of preventing the other team from scoring. The goalkeeper has the task of

preventing the ball from going into the goal when To avoid offside errors, remember: When a player is running forward on an attack, and his team plays the ball, he must have two defenders between himself and the goal.

the other team shoots.

A player may use any part of his body to shoot or advance the ball-with the exception of his hands or arms. The goalkeeper, however, may use any part of his body-including his hands and arms-to block or catch the hall.

A soccer game consists of two equal halves usually 45 minutes in duration. The clock stops only when a goal is scored, when

a penalty kick is awarded, when a player is cautioned or ejected from the game, or whenever else the referee deems it appropriate.

Referees may award two kinds of kicks as the result of rules violations; free kicks and penalty kicks.

Free kicks can be shot to the goal without being touched by another player. Free kicks are awarded for serious fouls such as tripping, kicking, striking, or pushing an opponent, or using one's hands to control the hall.

Penalty kicks are awarded when a direct free kick violation is made by the defense inside its own penalty area.

Free kicks are taken from the point where the penalty occurred. Penalty kicks are taken from the penalty spot in front of the goal. If a team hits or deflects the ball over a sideline.

the other team takes a throw-in from the point where the ball crossed the line.

Corner kicks result for the attacking team when the ball passes out of the field of play on the defending side of the field, and it was last touched by the defending team.

Goal kicks result when the ball passes over the defending team's goal line and it was last touched by the attacking team.

A card system is used for penalties. A player receives a vellow card for a major penalty such as tripping, punching, kicking, tackling, or gouging an opponent. The yellow card is designed as a warning to the player. If that player engages in activity that earns him another penalty, he receives a red card and is ejected from the game. Since each team only has 11 players on its Champions World Class Cup roster, if a player gets ejected, his team must play shorthanded! In addition, the opposing team receives either a free kick or a penalty kick.

# BEFORE YOU LACE UP YOUR CLEATS

1. Make sure the power switch is OFF.

 Insert the Champions World Class Soccer cartridge as described in your Sega" Genesis" instruction manual.

3. Turn the power switch ON.

When you see the Champions
of the Champions of the Champions of the Champion o

LANGUAGE. Chooses whether game text is in English. Spanish. French or German.

MATCH TYPE: You will be asked whether you wish to play a 1 player exhibition match, a 2 player exhibition match, begin a new 1 player tournament, or to enter a password which will allow you to resume a playoffs previously begun. If you choose to enter a password, press the D-BUTTON Morizontally to select the letter and press it vertically to change it. Press the START BUTTON when the password is correct. If you begin a new playoffs, you will be asked to select the team you wish to control throughout the play.

offs. See the section entitled "The Champions World Class Cup Structure" on p.26 for more details on tournament play. OFFSIDES: Chooses whether or not offsides penalties are called. See the Soccer Rules section on p.4 for more information regarding the offsides rule.

FOULS: Chooses whether or not fouls are called. TIME: Selects either 45, 30, or 15 minute halves. Press START to lock in the options and to move to the Team Selection screen, where you may pick teams and set several team options.

TEAM SELECTION: Choose from among 32 international teams. Each team has varying speed, offensive and defensive characteristics. illustrated by the bar charts on the display. When you've made your selection, press the A Button.

FORMATION SELECTION: Choose from four different formations: 4-3-3, 4-2, 4-2, 4-2, 4-4-1 using the D Button. The first number refers to the number of defenders, or fullbacks, used by your team (always four). The second number refers to the number of midfielders, while the third number denotes how many forwards you have. GOALIE SELECTION. Next, choose one of three different goalkeeping modes: automatic, semi-automatic or manual using the A BUTTON. For more information on the variations see the Goalkeeping section on page 12.

When you've made your selections, press the START Button. This will confirm your formation choice and automatic goalie mode.

After you've made your choices, the computer with toss a coin to determine which team has the choice of first possession or end of the field. Once that choice is made, the opening kickoff begins the game.

Between halves, you will be able to change your formation and your goalle control.

# YOUR VIEW OF THE FIELD

As you play CHAMPIONS WORLD CLASS SOCCER, the screen provides you with the following important information:

SCORE displays the current game score.

TIME ELAPSED indicates how much time has gone by in the current half. A game consists of two halves

The RADAR indicates the field positions of the players and the location of the ball to aid your game. Players are displayed as colored circles, the ball is displayed as a flashing white circle, and the currently active player on each team is marked with an X.

The information displayed on the screen can be changed in Pause mode by pressing the START BUTTON during gameplay. When in Pause mode, you will be presented with a menu. Press the appropriate button to toggle the desired option, then press the START BUTTON again to exit.

## BASIC OFFENSE AND DEFENSE

The active player is always represented onscreen by a star. If the active player has been penalized with a yellow card, his star will be bordered in yellow. If the active player is not on the screen, his relative direction is marked at the screen border by an indicator.

INDICATOR

If the active player is on-screen, this indicator will mark his nearest teammate. To switch players, press the C BUTTON. The player you are controlling is able to run in any one of eight directions: the four directions indicated by the D-BUTTON ARROWS, plus the four diagonal directions between them.

The other basic controls are as follows:

PLAYER CONTROLLING BALL PLAYER WITHOUT BALL. PREE BALL MALL IN THE AIR A Button Pass the ball Attempt to Tackle Attempt to Pass the Ball Rall Clear the Ball Attempt to Slide Tackle/ Attempt to Clear the Ball B Button Shoot towards the Goal Switch to best defender Switch to receiver or player CButton nearest ball/ Special Kicks

When kicking, passing, or clearing the ball, the distance of the kick or head shot that is made is determined by the length of time you hold the BUTTON and the direction on the D-BUTTON when it is released.

When the ball reaches a player at the end of a kick, pass or clear, he automatically becomes active. However, pressing the C BUTTON while the ball is in the air activates him before the ball reaches him, enabling him to execute free ball maneuvers such as heads and bicycle kicks.

When shooting for the goal, the velocity of the ick is determined by how long you hold the C BUT-TON pressed, the area you are aiming for is determined by the direction of the D-BUTTON when it is released, and the height of the shot is determined by whether the D-BUTTON is being pressed towards the goal when the button is released flow shot), or away from the goal (high shot).

When attempting any maneuver without the ball the level of aggressiveness you want to use is determined by how long you keep the button pressed. The more aggressive the play, the greater its chances of success, but the greater the chance of a penalty being called. The direction of the maneuver is determined by the D-BUTTON.

## **GOALKEEPING**

Champions World Class Soccer offers three different ways to tend goal: AUTOMATIC, SEMI-AUTOMATIC and MANUAL.

In AUTOMATIC mode, the computer will control all of your goaltender's functions for you.

In SEMI-AUTOMATIC mode, the computer controls all of your defensive functions, but returns control to you when the goalle gains possession of the ball. Semi-automatic goaltending controls are identical to the offensive Manual controls on the chart below.

In MANUAL mode, you control all of your goaltender's functions, both offensive and defensive. To switch control to him at any time, press the C BUTTON while holding the D-BUTTON downwards. Manual goaltending controls are as follows: Like his teammates, the distance of the goalkeeper's clears and passes is determined by the length of time you press the button, and their direction by the direction of the D-BUTTON.

FAFI rules dictate that once a goaltender drops the ball, he cannot pick it up until it is touched by another player. Similarly, the goalie cannot hold the ball outside of his extended goal box.

	OFFENSIVE (GOALIE HAS CONTROL OF BALL)	DEFENSIVE (GOALIE DOES NOT HAVE CONTROL OF BALL)
A Button	Will cause goalkeeper to drop the ball to his feet. Afterwards, he is controlled like a normal player. Press the A Button again to kick the b	Attempts a fetal slide, pouncing on the ball. all.
B Button	Will cause goalkeeper to throw the ball.	Attempts to catch the ball.
C Button	Will cause goalkeeper to punt the ball.	Changes Active Player/ Dives on Ball

## CORNER KICKS, GOAL KICKS, FREE KICKS, AND THROW-INS

Corner kicks, goal kicks and throw-ins result from the ball going out of bounds. Free kicks and penalty kicks are awarded by the referee when a rules violations or foul has occurred.

A corner kick is taken by the attacking team in the offensive zone. On a corner kick, you can either pass the ball to a teammate by pressing the B BUTTON, or shoot towards the goal by pressing the A BUTTON.

A goal kick, on the other hand is taken by the defensive team in the defensive zone. On a goal kick, you can clear the ball by pressing the A BUTTON or you can pass the ball by pressing the REITTON.

A free kick can be granted anywhere on the field where a rules violation occurs. On a free kick, you may pass the ball by pressing the A BUTTON, clear it by pressing the B BUTTON, or shoot towards the goal with the C BUTTON.

To execute a throw-in, use the D-BUTTON to select the angle at which your player will throw, and the A, B or C BUTTON to throw. The strength of the throw is determined by how long the button is held.

## THE CHAMPIONS WORLD CLASS CUP STRUCTURE

The greatest prize in soccer today, the Champlons World Class Cup, is awarded every four years to the winning team in a 24-nation, 52-game tournament sponsored by FAFI: the Federación Acciaim de Football Internationale.

The 24 teams chosen for the tournsment are picked from a qualifying pool of the best national teams the world over. The 24 finalists are then split into six groups of four. Each team in the four-team group plays every other team in that group: a total of three games each. A team is awarded 2 points for each win. 1 point for each tie, and no points for each loss. The two top-placing

teams from each division

advance to the next phase, along with the four best third-place teams. The second phase is a fourround single-climination playoff consisting of 15 games (a 16th game determines third place).

Should two teams tie in the second phase, the game enters sudden-death overtime. If the game is still tied at the end of two 15 minute OT periods, there is a shoot-out. In the

eriods, there is a shoot-out, each team takes five shots. The team that scores the most goals wins. If the teams the here too, the shoot-outs continue with each team taking one shot each, until one scores and the other

does not.
With the rise of soccer as the premier international sport, the Champions
World Class Cup has become a
global phenomenon, eagerly

anticipated by billions of citizens in hundreds of countries on six

continents around the world, each proudly supporting their favorite nations as they strive for the Cup!

## A SOCCER GLOSSARY

ARC: The quarter circle at each corner of the field in which the ball is placed for a corner kick.

CENTER CIRCLE: The 10-yard circle around the middle spot on the field where play begins at the opening of each half or restarts after a goal. Opposing players must remain outside the circle until play begins.

CLEARING: To break up the opposing team's attack by kicking the ball away.

CORNER KICK: A free kick taken from the arc at the corner of the field by the attacking team when the ball goes over the endline last touched by a defender.

CROSSBAR: The top bar of the goal that is parallel to the ground.

DRIBBLING: Advancing the ball with one's feet.

FAR POST: The goalpost that is farthest from the ball.

FORWARD: A player in the front line.

FREE KICK: A kick given to a team when the other team commits a foul.

HEADING: Act of moving the ball by hitting it with one's head.

OFFSIDE: An infraction that occurs when an offensive player with the ball does not have at least two defensive players between himself and the goal line.

SIDELINE: The border of the playing field that runs perpendicular to the goal line (also called the touchline).

SLIDE TACKLE: To kick the ball away from an attacker by sliding on the ground.

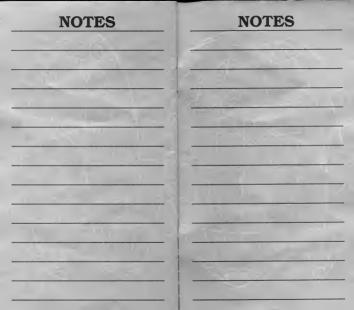

TACKLE: To take the ball away from an opposing player.

THROW-IN: A throw made by holding the ball with both hands behind the head. This results when play is halted because the ball crosses the sideline.

VOLLEY: To kick the ball while it is in the air.
